PYRAMID SIGN BASE

QUICK & EASY INSTALL | **MAINTENANCE FREE HDPE PLASTIC** | **CUSTOM COLORS & DECALS**

- Lightweight design reduces shipping costs; ships at just 30 lbs. unfilled compared to heavy concrete bases weighing 300 lbs.
- Portable option available; easy to maneuver for everyday employees.
- When the bases are properly filled (16 gallons in freezing temperatures; 19 gallons otherwise), the base can be over 200lbs, depending on the choice of filler.
- Filler options include water & base gel mix, sand, as well as pea gravel or concrete for more permanent sign base options.
- Durable and strong – tested to withstand high wind speeds.
- No core drilling or bolt-down installation required.
- Maintenance-free product – will not chip, crack, peel, or rust.
