OCTAGON SIGN BASE

QUICK & EASY INSTALL | **MAINTENANCE FREE HDPE PLASTIC** | **CUSTOM COLORS & DECALS**

SIGN SIZE AND FILL OPTIONS AFFECTS TIPPING POINT

- Maintenance-free product – will not chip, crack, peel, or rust.
- Fill bases with 11.5 gallons of water in normal conditions. If in freezing temperatures or regions, only fill with 9.6 gallons to allow base gel and water to expand when frozen.
- Durable and strong – tested to withstand high wind speeds.
- No core drilling or bolt-down installation required.
- Lightweight design reduces shipping costs; ships at just 30 lbs. compared to heavy concrete bases weighing 300 lbs.
- When the bases are properly filled, the base can be over 200lbs, depending on the choice of filler.
- Filler options include water & base gel mix, sand, as well as pea gravel or concrete for more permanent sign base options.
