
BOUNCE BACK *BOLLARD*

Our Bounce Back Bollard is a rebound bollard designed to protect machinery, warn drivers and limit damage to forklifts, the driver, and the concrete.

FORKLIFT FRIENDLY

Perfect for high traffic areas, machine guarding, and other in-plant safety uses.

REBOUND PROTECTION

Designed to deflect up to 18 degrees before returning to upright form.

EASY INSTALL

Quick and easy installation. Can be done in matter of minutes.
